

# Mhd Tareq Nasri

**Date of birth** March 13, 1990  
**Marital status** Married  
**Mobile** +90 552 653 1658  
**E-mail** [tareq.nassry@gmail.com](mailto:tareq.nassry@gmail.com) ♦ [tareq@tareq.tk](mailto:tareq@tareq.tk)  
**Website** <https://tareq.tk>

## Experience

- ❖ Zad Group (2018 - Present)
  - Web Development (Moodle E-Learning and PHP, Database and Analytics, KendoUI, and C#)
- ❖ Freelancer (2012 - Present)
  - Web and Mobile Development
- ❖ Atomic Energy Commission of Syria (Government Sector) (Jan 2011 - Des 2015)
  - IT helpdesk and networking (Hardware and software maintenance, virtual servers administration, mail and web server, active directory, and Openfire messenger system).
  - Programming and development (C#, ASP.NET, and PHP).

## Skills

- ❖ **Programming**
  - *Backend Web Development*: DotNet Core (C# and ASP.NET), PHP, and Java. Web Systems, Applications, and APIs.
  - *Frontend Web Development and Browsers Extensions* (HTML, CSS, and JavaScript - Chrome Extensions, and Desktop Widgets for Windows and MacOS).
  - *Mobile Development*: Android and iOS (Java, Flutter, Swift, and Xamarin) and Cross-Platform (Ionic and Cordova).
  - *Desktop Application Development*: C#, Java, and Flutter (Dart).
  - *Database*: Management, design, architecture, and programming. Microsoft SQL Server, MySQL, and PostgreSQL. Entity Framework (with C#), NoSQL (MongoDB, Redis...).
  - Some knowledge in ML, AI, data mining, and programming in Python and Django, TypeScript, Ruby and Rails, C++, Pascal, and Visual Basic.
- ❖ **Web Infrastructure**
  - Hosting management.
  - VPS and Dedicated Servers installation, configuration, and administration (Expert).
  - Domain management (Registering, Transfer, and DNS).
- ❖ **Linux and MacOS**
  - MacOS operating system (Expert).
  - Ubuntu Server, Debian, CentOS, and other Linux server operating systems.
  - Linux Networking services (configuration and management services).
  - Terminal using and Shell programming.
- ❖ **Networking**
  - Windows and Linux Servers Administration.
  - Network Security.
  - Cloud Computing and Virtualizations Systems (Hyper-V, VMWare, VirtualBox...), and some knowledge in containers (Docker).

## Projects

- ❖ **Waslcom**
  - E-Store System (C# ASP.NET Core MVC and API, Entity Framework, PostgreSQL, and Mobile app deployment based on Flutter, Android, and iOS).
- ❖ **Cleaning Management**
  - Contracts and Clients (C# ASP.NET Core MVC, Entity Framework, PostgreSQL).
- ❖ **Taminat Archive**
  - Archive system for Taminat Government Institution (C# ASP.NET API and MVC, MS SQL Server, Entity Framework).
- ❖ **SMS System**
  - Applying SMPP Protocol with telecommunication company (C# ASP.NET Web API, Angular.JS, MS SQL Server, Entity Framework).
- ❖ **Arabi Academy**
  - An E-Learning System for media resources and online book reading, notes and reviews, full student tracking, and quizzes. (C# ASP.NET WebForms, MS SQL Server, Entity Framework).
- ❖ **Mall-E**
  - E-commerce application on Android platforms for shopping and goods delivery. (PHP website, WCF API, MSSQL Server).
- ❖ **Tracking System**
  - Application for tracking users in real-time (Android, PHP CodeIgniter Rest API).
- ❖ **Graduation Project in Syrian Virtual University**
  - Taxi Request System (Smart Taxi): order taxis from the website or from a mobile application on Android, manage the system, and set the orders to the drivers. (PHP CodeIgniter Rest API, Bootstrap, Java, Android).
- ❖ **Graduation Project in Technical Computer College**
  - Apply network communication system project using XMPP protocol (Server Programming).

## Education

- ❖ Master of Computer Engineering (Ataturk University - Erzurum/Turkey) (2020 - Present).
- ❖ Master of Web Sciences (Syrian Virtual University) (2014 - Present).
- ❖ Bachelor of Information Technologies (Syrian Virtual University) (2011 - 2014).
- ❖ Diploma in Network Engineering (Technical Computer College - Damascus University/Syria) (2008 - 2010).

## Languages

- ❖ Arabic (Native)
- ❖ English (Intermediate)
- ❖ Turkish (Beginner - A2)

## Meetings and Exhibitions

- ❖ Mobile development workshop by Syriatel in 'Abdeea' competition. (Android and iOS) (2015).
- ❖ Shaam Expo (2011) - Damascus University participation in the exhibition.
- ❖ First Amateur Technical Forum in Damascus (2010).
- ❖ First Information Technical Forum (Damascus University) (2009).
- ❖ Fifth International Forum for the security of information and communications (Méridden Damascus Hotel) (2009).
